

# Drive Organizational Transformation with Birkman Enterprise

From front-line managers to the executive team, Birkman Enterprise enables organization-wide transformation rooted in the personalization and sophistication of The Birkman Method.

## What's Included?

Questionnaires for every employee so they can all connect through Birkman insights.

The MyBirkman platform for all employees with easy access via their laptop, tablet, or phone

Team workshops and toolkits to tackle specific challenges and opportunities

Advanced Birkman reports to address critical issues with key leaders or high-potential employees

Dedicated Birkman Certified Professional(s) with access to ongoing learning and support to ensure successful rollout and integration

## Birkman Enterprise is built on...

### Proven Science

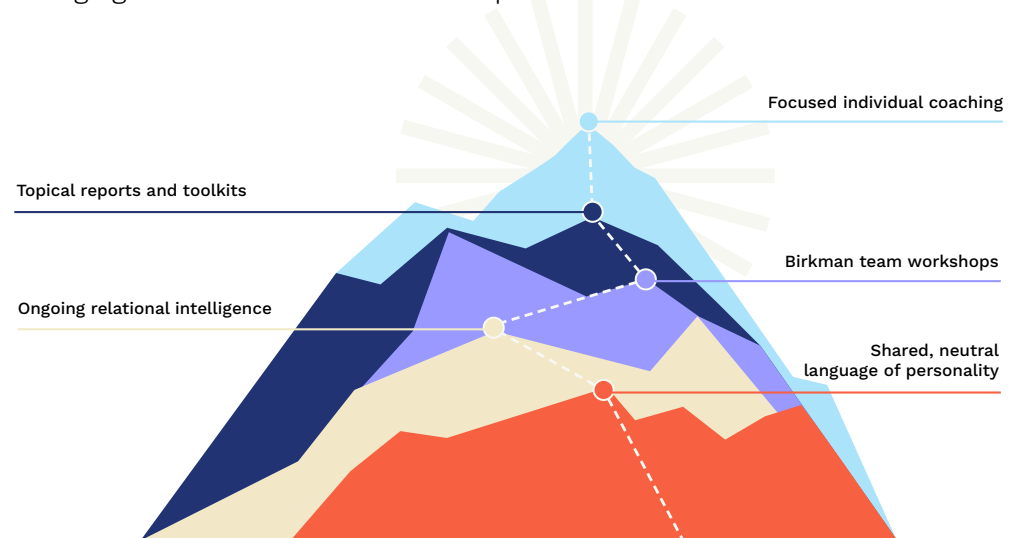

Organizations around the globe have trusted Birkman for over 70 years because of the powerful insights Birkman provides on Motivation, Self-Perception, and Social Perception.

### Digital Technology

The MyBirkman platform enables immediate scalability of Birkman across the organization by putting personality insights right on the devices of your employees.

### Development Experiences

Workshops and coaching sessions delivered by a Birkman Certified Professional create meaningful interactions, shared experiences, and life-changing conversations that have the power to transform leaders and teams.

## Birkman Enterprise helps organizations move key performance metrics in the right direction.
